The *Project Linus Western Region 2010 Conference* is a celebration of our volunteers – the wonderful, giving people who month-by-month create, gather, prepare and distribute beautiful blankets to children in our communities.

We are excited to announce that Karla Alexander, author of several quilting books, the latest being *Color Shuffle!* and Bonnie Sabel, author of *Positively Postcards*, will be speaking and presenting classes during the conference. A small class fee will apply for each to cover supplies, materials and fees. **Pre-registration for these popular classes is high recommended because space is limited (see below).**
